

Faculty Credentials

Name

Warren E. Williams

Rank, Department, Tenure Status

Associate Professor of Biology

Degrees earned, Dates of Conferral, and Degree Granting Institution

Ph.D. University of Illinois ; 1975
Urbana, Illinois
Cellular and Molecular Biology

M.S. Texas Southern University; 1969
Developmental Biology

B.S. Texas Southern University; 1967
Biology

Dissertation Title

“The Mechanism of Action of Bacteriophage T4 Gene Products”

Scholarly and Professional Presentations

Research (1975 – 1992) – 24

Scholarly and Professional Publications

Williams , W.E. and J.W. Drake; *Mutagenesis in Bacteriophage T4*. American Society for Microbiology 104:218.

Williams, Warren E. and John W. Drake. *Mutator Mutations in Bacteriophage T4 Gene 42 (dHMC Hydroxymethylase)*

Research Grants

1. Studies into the Mechanism of Action of the Bacteriophage T4 Gene 42 Protein Product. TSU; 1975 – 1976; \$4,000.00
2. The Mechanism of Action of the Bacteriophage T4 Gene 42 Product. Division of Research Resources, National Institutes of Health; 1976 – 1992. \$579,400.00.
