OFFICE OF THE DEAN

October 6, 2015

Dear Alumni, Partners, Supporters, and Friends:

The 2014-2015 academic year has been exceedingly eventful and fruitful for the College of Science, Engineering and Technology of Texas Southern University. As Dean of the College, I would like to share our accomplishments with you and invite you to join us at our annual ***Open House -- Alumni and Partnership Luncheon*** from 11:00 a.m. through 2:00 p.m. on Friday, October 23, 2015.

This year our engineering programs will be fully underway – a long sought goal of the College. The civil engineering program began last spring and the electrical and computer engineering program began this fall. These are substantial changes to our academic programs and advances our institution's position in the mainstream of higher education. We want to share our enthusiasm with you about this accomplishment.

We have prepared a short program that will highlight some of our activities, present our students and their research, our outreach efforts, and announce major programmatic changes. In this ***Open House***, we will also announce the recipients of our Distinguished Alumni Awards selected by each department in the College.

The College of Science, Engineering and Technology is addressing the shortfall in the scientific workforce by encouraging our students to pursue science and engineering. Students must have time to dedicate to these subjects and be free from excessive concerns of life. For the past five years, the faculty and staff, alumni, and industry partners have contributed to scholarships for students. This year, 85 students received these scholarships. We are trying to increase the number of scholarships to meet the financial needs of students. We invite you to partner with us with your donations, in any amount, assisting us to create leaders of the future in the scientific and engineering professions.

We look forward to welcoming your participation, and benefiting from your insights on October 23, 2015.

Please R.S.V.P. to Ms. Charlotte Whaley, our College Business Administrator, at 713-313-7009 or whaley_cs@tsu.edu.

Sincerely yours,

Lei Yu, Ph.D., P.E.
Dean and Professor
College of Science, Engineering and Technology

COLLEGE OF SCIENCE, ENGINEERING AND TECHNOLOGY

Open House: Alumni and Partnership Luncheon

Friday, October 23, 2015

10:00 a.m. - 2:00 p.m. (Open Lab)

11:30 a.m. – 1:00 p.m. (Lunch and Program)

**TSU Science Center Atrium
(Corner of Ennis and Eagle Street)**

**Lab Tours will Begin at 10:00 a.m.
Everyone is Welcome**

3100 Cleburne Street | Houston | Texas 77004
