

EPA Environmental Policy Communication Associate

(Posted on 5/28/2015)

The EPA Environmental Research and Business Support Program has an immediate opening for an Environmental Policy Communications Associate with the Office of Research and Development at the EPA facility in Washington, D.C. Based on assignments received, the associate shall assist primarily with technical writing and editing, document formatting, and data entry videos.

Qualifications include: must have completed at least 2 years of college, working toward a degree in environmental science, ecology, biology, physical science, communications, or a related subject. *It is desirable for the candidate to have strong written, oral, and electronic communication skills; proficiency with Microsoft Office; excellent proof reading and editing skills; a working knowledge of website design.*

To apply, go to www.zintellect.com, make an account, and enter the reference code EPA-SSP-0002-1 to find the position posting.
