

City Careers and City Internships

City Careers

City Careers connects graduates with leading graduate employers in the US.

We work with a diverse portfolio of companies, ranging from start-ups to global corporations across a variety of industries including banking and financial services, marketing, advertising and PR, law, and technology.

City Internships

With this summer's global internship program closed for applications, the application process for this autumn's program is open.

This autumn's program will run in London, New York and Los Angeles giving students the opportunity to secure work experience across banking and financial services, creative, law and tech industries.

Information for students on the program can be found here: <http://city-internships.com/students/>
