

EPA Assessment Tool Associate

(Posted 5/27/2015)

The EPA Environmental Research and Business Support Program has an immediate opening for an Assessment Tool Associate with the Office of Research and Development at the EPA facility in Research Triangle Park, NC. The position entails developing community decision support tools to help understand where, when, how often, and why people are exposed to environmental contaminants.

Qualifications include: a master's degree in environmental science, public health, or a related discipline earned within the last 24 months; strong written, oral and electronic communication skills. *It is desirable for applicants to have experience with GIS and/or IT and excellent proof reading and editing skills.*

To apply, go to www.zintellect.com, make an account, and enter the reference code EPA-SSP-0010-1R to find the position posting.
