

2017 - Calculus Bowl Team Scholarship

Purpose:

The College of Science, Engineering and Technology announces the availability of up to 4 competitive scholarships for students that will represent TSU at the **Calculus Bowl** and win the competition. Every year, undergraduate students enrolled at universities in Texas compete during the annual Mathematical Association of America (MAA) Texas Chapter Meeting.

Funds:

\$1500 for the top qualifying score (the first place), **\$1000** for the second qualifying score (the second place), **\$500** for the lower qualifying scores (the third and fourth place)

Requirements:

- Interested students participate in weekly training sessions during the Fall 2016 semester.
- A team of up to 5 students will be selected based on their qualification scores at the beginning of the Spring 2017 semester.
- The TSU team will travel to Texas A&M Commerce, compete in the Calculus Bowl competition and gets ranked on top position.
- The team members will be recognized and offered their scholarships during the COSET Awards and Recognition ceremony.
